

Press Release

Issued by Frank & Lisa Cornelissen
Martinborough Village Camping
27th June 2007

In response to tourist demand and feedback from the local community and tourist operators, we have been investigating options to satisfy repeated requests for cabin accommodation. As the holiday park and camping industry grows it is expected that campgrounds offer some form of alternative accommodation for those not travelling with a tent or in a motor home.

We are pleased to announce that we have awarded the contract to supply on-site accommodation units to Leisurebuilt Limited. We looked at a number of suppliers including CI Munro and Jayco, but we were impressed with the quality of the Leisurebuilt units and their continued affiliation with our trade association Holiday Accommodation Parks of New Zealand (HAPNZ). These temporary units will enable us to improve our range of accommodation while we await the completion of the delayed Reserves Management Plan process for Considine Park.

Once again we would like to thank the many guests and Martinborough residents who have given us their support since we opened and look forward to welcoming many more visitors to Martinborough in the future.
